Keyboard Skill Building - Level 1

Course Introduction

The Keyboard Skill Building – Level 1 course is designed for individuals who have basic keyboard proficiency, and wish to increase speed and dexterity. Each lesson increases key recognition and builds confidence using the keyboard, while improving speed and accuracy. Speed achieved depends on personal dexterity and time spent on practice lessons.

Students who are not already familiar with the *TypingTrainer* software program are introduced to it. *TypingTrainer* helps students learn and improve skills using a variety of methods: graphical keyboard drills, speed drills, alphabet drills, word, phrase and sentence drills, and keyboarding Self-Tests. Upon completion of this course, students are expected to keyboard at minimum 25 words per minute.

Course Prerequisite

Introduction to Keyboarding recommended.
Keyboarding speed of at least 10 w.p.m.

Course Aim

To increase keyboarding speed and accuracy to at least 25 w.p.m.

Of Interest to

Those who wish to increase keyboarding speed and accuracy.

Course Breakdown

The Keyboard Skill Building – Level 1 course consists of the twenty lessons comprising the *TypingTrainer* course application, together with a media component and student workbook.

Lessons:

Each lesson consists of keyboard exercises designed to teach and practice the use of new keys. These keyboard exercises are followed by paragraph Self-Tests. When these are completed, *TypingTrainer* automatically scores the speed and accuracy of the typing.

Course Notes

Upon completion of the course, there is a final exam. Participants, who achieve 25 w.p.m. or higher on their exam will receive a certificate.
